THIS IS THE LAST DAY

OF VIRGINIA'S GRAND EXPOSITION.

The Prices of Admission are Reduced so That all May Go and See_A Good Attendance Yesterday.

The attendance at the Exposition yesterday, though comparatively small, made a good show in the main building, as there were no out-door attractions to draw the people away from those within. It was really a satisfaction to many persons who had attended on more exciting occasions to have such an opportunity to enjoy the many instructive and attractive displays.

In the music hall, where the Australian bird show and the rooster orchestra made frequent performances, there was very little falling off from the usual crowd, which never seem to tire of these clever amusements.

The chill air had rather a depressing effect on the out-door attractions and the hot sausage man and "the three throws at a nigger for five cents" seemed to have the advantage over the more pas-

sive amusements. With the lowering of the temperature the outside merry-go-rounds stopped their everlasting one tune, and in the afternoon ommenced to dissect the menageria horses, lions, giraffes and other remarkable steeds, and by another day will have folded their tents like the Arabs and as silently stolen away to seek greener and pastures new, where is less of dust

The old Confederate veteran, throws the banjo and sings plantation melodies with great enthusiasm, was in his glory and seemed to enjoy his own music as much as the crowd who followed from place to place.

THE WORLD'S PAIR SHARE.

Mr. T. C. Morton, secretary of the Vir-ginia board of World's Fair commission-ers, was on the grounds looking out for material for the Virginia exhibit at Chi-cago. He will secure a number of valuable exhibits from the counties and espe-cially from Bedford. The Bedford county authorities would do well to send the entire exhibit to Chicago, and the question is asked by nearly every visitor who visits the display if this will not be done. The splendid exhibit of Chester-field is also worthy of this sort of perpetuation as well as several others. county that shows this enterprise would get a return of inestimable value in the made for its lands. The fact that the great show is drawing

to a close was indicated yesterday by the withdrawal of some of the more perishable exhibits, but they are scarcely missed from the great mass, and more is yet left than one day's attention by a sightseer would encompass. FARIRS ARRESTED.

Although the day was unusually quiet yesterday the police made two arrests, one of which shows the effrontery and during of that artful class called fakirs. John McMahon, who claims to be an Englishman, but probably owns citizengrounds last year as a snatch thief and was bailed for his appearance before Justice John but rkipped and forfeited is bail. Yerterday Policeman J. Walter at one of the stands, where a game of chance with jewelry attachment was in progress, thought he recognized a familiar face and going after Justice Lewis they a second look and identified John McMahon, and put him under arrest on the charge in police vernacular of skip-ping his ball bond. His partner, whose rame I did not learn, was also taken into custody under suspicion, and both will have a hearing before the Prince of Police Justices this morning.

GOOD EXHIBITS. Among the exhibits of greatest merit at the Exposition not heretofore receiving special mention is that of the Gailego Mills, in the centre nisle in the west half of the main building. The products of this famous manufacturing mill are ex-hibited in a wonderfully attractive form. as piliars to a handsome structure, within which flour in barrels, in bags, in glass jars and glass cases is shown in most attractive form. The other products of the mill in the way of mill feed, etc., are also artistically presented. The wheat in the shock, in the grain and in every pro-cess of manufacture into finest flour is

THE LAST DAY.

The second Virginia Exposition will close with to-day's exhibition. Its success, from a financial point of view, will not be known until the last day's receipts are counted and the bills for expenses are all paid, but as an exhibit of the tainment to the people, it has well filled

The Scene at Night,

Pain's Paris was given for the last time at the Exposition grounds last evening. The crowd was not as large as anticipated, probably on account of the prevailing cool weather. The several exhibitions were given with precision, and the fullest satisfaction of the audience. The rope-walker, who met with an accident about two weeks ago, and who on Monday last had the misforiume to fall another time, went once more through his performance, and succeeded in exhibiting his skill without accident.

At the close of the acrobatic features a ouderful display of fireworks was set off, which surpassed everything furnished in that line on previous evenings. A true representative of Niagara Falls in a rain of fire wound up the beautiful spec-

It requires two sixty-foot baggage cars to transport the scenery, costumes, electric effects and paraphernalia of the "Spider and Fly" company. There are sixty people in this season's production. M. B. Leavitt's "Spider and Fly" will be at the Theatre to-night and to-morrow. The piece has been improved in details, while remaining essentially the same as in former seasons, and is now being given by a very clever company of especially selected artists.

Many well known names are among the cast, and prominent are those of Kenny, the comedian, and Jaguarina, the "Queen of the sword." People were turned away each performance on the last two visits of this company, and doubtless large audiences will greet the 'Spider and Fly" again.

The members of the Board of the Chesapeake and its Tributaries have decided to postpone their tour of inspection over the oyster grounds for the present. The Auditor of Public Accounts and the Treasurer are both unable to leave the city at this time on account of the pressure of official business. It is probable that the trip will not be made until the laster part of November.

The official act of breaking ground for the foundation will take place either to-day or to-morrow.

A Cholera Scare.

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. Investigation showed that the disease was not cholera, but a violent dysentery, which is almost as severe and dangerous as cholera. Mr. Walter Willard, a prominent merchant of Jamesburg, two miles from Helmetta, says Chamberlain's Colic, Cholera and Diarrhoea Remedy has given great sat-isfaction in the most severe cases of dysentery. BEGIN LIFE'S JOURNEY

IN A UNISON OF SOUL AND MIND.

To Bear Each Others Burdens and to Share Each Others Joys O'er the Pathway Perchance of Pleasure, Perchance of Woe,

October is like June, a favorite time for the joining of those together whom no man can, or should, let us say, put asunder. Each of the two months is lucky, it is thought, and so the October bride is as charming as her June sister, every whit, arrayed in robes of heavier garb, perhaps, for the winds are cool now. No June zephyrs kiss the cheek of the blushing bride, but instead, the sharp, shrewdly-biting breeze, redolent with scent of falling leaves and fading

GRIFFIN-GRIFFIN. The first couple was wedded at the beautiful Christian church at Seventh and Grace streets, at 11:30 A. M., at which time Miss Beulah Burton Griffin was made Mrs. Charles E. Griffin. The air of the sacred edifice was heavy with the scent of flowers, and graceful palms and ferns nodded to each other around the pulpit. The group in front of the preachthe Rev. Jabez Hall, was a charming sight to see.

The ushers, to any one of whom the words of Shakespeare might be applied: "In ushering, mend him who can-The ladies call him sweet,"

were Messrs. H. P. Johnson, W. G. Ma-hone, E. P. Puller, J. H. Spicer, W. S. Frances, L. Wingfield and C. A. Zincke, who was also the best man. This gentleman was with Miss Mattie May Griffin, the bride's sister. Music from the organ, at the skillful hands of Mr. W. G. wilson, breathed out the while softly and sweetly. SHINE-SIMPSON.

Trinity Methodist church was thronged at 6 o'clock in the afternoon yesterday with the friends of Mr. R. Edgar Shine and Miss Sarah Simpson, who were made one, according to the ceremony of the Methodist Church, by the Rev. Dr. Peterson. Flowers, ferns and palms in pro-fusion adorned the chancel, and on either side of the pulpit extension lamps with red shades lit up most beautifully the surroundings, and especially on the remi-circle of ushers, bride and groom their soft light fell like a blessing. The bride who is as popular and well-loved ar any lady in the land, has been a teacher in the public schools of Richmond a long time. The groom is a pharmacist of Church Hill, and also a member of the city school board for that division of the Miss Simpson was most becomingly gowned in a traveling suit of coca, ben-galine cloth, trimmed in shaded velours, passementeries and feathers, hat and gloves to match.

The ushers who fulfilled their duties with celerity and dignity were: Messrs. Alex. Simpson, brother of the bride, and best man, D. O'Sullivan, William H. Curry, Dr. R. D. Garcin, I Frayser and Joseph E. Hall. B. Wellford

The City School Board was represented Mayor Ellyson and Hon. Lovenstein, and among visitors from a distance were: Mrs. S. A. Quantz, of Lynchburg; Miss Belle Gough, of Campbell; Mrs. Walter E. Face, of Norfolk; Mrs. Joseph A. Christian and Miss Sue T. Holt, both of Charles City.

A quiet, but elegant, home wedding took place at 6 o'clock last evening at the residence of the bride's mother, Mrs. W. E. Dibrell, 106 west Main street. tracting parties were Mr. J. C. Freeman and Miss Annie L. Hobson.

The bride is a daughter of the late Frederick W. Hobson, and grandfaughter of the late John B. Morton. Mr. Freeman is a member of the well-known firm of Drewry, Hughes & Co., and is individually known for his high business reputation and character and universal popularity. No cards were issued, and the company was confined entirely to the relatives, with the exception of the two young friends of the bride, Misses Lilly and Lena Logan, who attended her. double parlors were handsomely decorated, and the scene was one of rare loveliness. The church was crowded to its utmost capacity, not even standing room being obtainable by the late arrivals. The arrangement of the church was unique in

the extreme, and exceedingly attractive. The entire altar space had been raised to the level of the pulpit, and was covered with white cloth. Four large standing lamps with orange colored shades and stately candelabra lighted the altar, which shone in its unrelieved whiteness like the marble altars of ancient Rome. At 9 o'clock the wed-ding cortege entered the church. Miss Joan Douglas Terrell, the beautiful and

queenly lady whose photograph adorned the columns of the New York World this summer, acted as first maid of honor. She was handsomely attired in pale yellow slik, carrying a bouquet of pearl roses. The procession included the following couples:

Miss Lulie Jones and Mr. Herace Chisholm.

Miss May Niernsee, of Washington, and Mr. R. N. Howard, of Yorktown.

The bride has always been known as a lovely girl, but on this, the most joyour day of her happy life, she was more radiant than ever, and amid the scene of rare beauty she was still the particular

of especial splendor. Her magnificent gown of white benga-line, the bride roses and the traveling veil simply emphasized a loveliness that nature claims for its own.

The groom is the cashier of the James River division of the Chesapeake and Ohio railroad, and is held in high esteem by the company and railroad officials throughout the country.

After the wedding a reception was held

at the home of the bride's mother, No.

amid a shower of rice, they left for the
North by way of the Chesapeake and Ohlo railroad.
